

AMENDMENTS TO THE DRAWINGS:

Please approve and enter the proposed amendments to drawing Figs. 4 - 7 in the Replacement Sheets accompanying this response. Each of drawing Figs. 4 - 7 is a nucleotide sequence listing which is more than one page in length. The proposed amendments add labels to the continuation pages (5, 7 - 12, 14 - 15, and 17 - 18) indicating that the sequence listings contained therein are continued from the previous page.

REMARKS

This paper is submitted in response to the Notice to File Corrected Application Papers, dated April 9, 2009. In the Notice, an objection was raised that Figs 4 – 7 were continued over several pages without proper labeling as continuation drawing pages. In response, Replacement Sheets including the requested labeling are submitted herewith.

In the event this response is not timely filed, Applicants hereby petition for the appropriate extension of time and request that the fee for the extension along with any other fees which may be due with respect to this paper be charged to our Deposit Account No. 12-2355.

Respectfully submitted,

LUEDEKA, NEELY & GRAHAM. P.C.
